2. Installing the "KEW Windows for KEW6305"

2.1 Windows 7 / Vista / XP

(1) The followings shall be checked before installing this software:
- To prepare your system for installation, please close all opened applications.
- Be sure NOT to connect the instrument to the PC until installation completes.
- Installation shall be done with Administrator right.

(2) Insert the CD-ROM in your PC’s CD-ROM Drive.
Click the "Run KEWsetupLauncher2.exe" when the "AutoPlay" dialogue window appears on Windows Vista or Windows 7.

(3) If the installer does not run automatically, double-click the "Run KEWSetupLauncher2.exe" in the CD icon.
If the User Account Control dialogue box appears, click "Yes".

(3) Read through and understand the License Agreement and click "I accept -", and then click "Next".

(4) Click "Next" after entering the user information and other supplementary information.
If a message requiring restarting your computer is displayed, click "Yes" and restart your computer.
Installation process will then restart.

(5) When the installation wizard completes, subsequent installation initiates automatically.
If you rebooted your PC at step (5), double-click the CD drive at "My computer" to show the following window:

How to un-install the PC Software:
Access to the "Control Panel" in the Start Menu at the lower left on the Windows screen, and double-click on the "Add / Remove Programs" to remove the "KEW WindowsV2" and "KEW Windows for KEW6305".

3. Installing USB driver

(1) When KEW Windows for KEW6305 has been successfully installed in your computer, the following dialogue box appears to start installing the USB driver.
Click "Next".

(2) Read through and understand the End User License Agreement and click "I accept -", and then click "Next".

(3) If the following Security Warning message appears, click "Install".
If the following Security Warning message appears, click on the "Install this driver anyway"... (it is no problem to continue installing because operation has already been verified)

(4) Installation completes when the following window appears.
Click "Finish".

The USB driver has been successfully installed. Power on KEW6305 first, and then connect to your PC.
To restart the interrupted USB driver installation process, right-click on the CD drive and click "Open". Click and start "kewusb101_setup.exe" in the "DRIVER" folder.

(For Windows 8 / 10)

(1) The followings should be checked before installing this application:
To prepare your system for installation, please close all opened applications.
Be sure NOT to connect the instrument to the PC until installation completes.
Installation shall be done with Administrator right.
To use KEW Windows for KEW6305, .NET Framework 3.5 is required. If .NET Framework 3.5 is not installed in your PC, it will be automatically installed when installing this application. Internet connection is required to install .NET Framework 3.5.

(2) Insert the CD-ROM in your PC’s CD-ROM drive.
Then the following pop-up will appear at the upper right on the screen. Left-click on this box.

(3) Click and select "Run KEWsetupLauncher2.exe" when the following box appears. If User Account Control dialogue box appears, click "Yes".

If neither (2) nor (3) appears, run "KEWsetupLauncher2.exe" from the CD.
To restart the interrupted USB driver installation process, right click on the CD drive and click "Open - Click and start "kewusb101_setup.exe" in the "DRIVER" folder.

4. Starting the "KEW Windows for KEW6305"

Click the "KEW WindowsV2" icon on your desktop, or click "Start" -> "Program" -> "KEW" -> "KEW WindowsV2". Ensure that KEW6305 gets started before connecting KEW6305 to your PC. Then start KEW WindowsV2. The main window for "KEW WindowsV2" appears. Select "KEW6305" and click "Start", or double click on the "KEW6305" to get the KEW6305 started. Click "Close" or close button (x) on the right top to end the program.

MEMO

For further instructions, please read the instruction manual. Click (Double click) the desktop shortcut to "KEW Windows for KEW6305 MANUAL".
