- Displaying the measured results on a PC in graphic form
- Making settings for the instrument via a PC

2. Installing “KEW Windows for KEW6315”

(1) The following should be checked before installing this software:
- To prepare your system for installation, please close all open programs.
- Be sure NOT to connect the instrument to the PC until installation completes.
- Make sure NOT to connect the instrument to the PC until installation completes.

(2) Insert the CD-ROM in your PC’s CD-ROM Drive.
- Click the "Run KEWSetupLauncher2.exe" when the "AutoPay" popup window appears on Windows Vista or Windows 7.
- If the installer does not run automatically, double-click the "KEWSetupLauncher2.exe" in the CD icon. If the User Account Control dialog box appears, click "Yes".

(3) Read through and understand the License Agreement and click "I accept…", and then click "Next".

(4) Click "Next" after entering the user information and other supplementary information.

(5) Confirm the information on installation, and then click "Install" to start an installation.

(6) If a message requiring restarting your computer is displayed, click "Yes" and restart your computer.

(7) When the installation wizard completes, subsequent installation initiates automatically.

(8) Repeat above step (3) through (6) and completes the installation.

3. Installing USB driver

(1) If the following Security Warning message appears, click "Install".

(2) Read through and understand the End User License Agreement and click "I accept…", and then click "Next".

(3) If the following Security Warning message appears, click "Install".

(4) Installation completes when the following window appears. Click "Yes".

4. Installation completes when the following window appears. Click "Yes".

The USB driver has been successfully installed. Power on KEW6315 first, and then connect to your PC.

To restart the interrupted USB driver installation process, right click on the CD drive and click "Open", click and start "kewusb101_setup.exe" in the "DRIVER" folder.
(1) When KEW Windows for KEW6315 has been successfully installed in your computer, the following dialog box appears to start installing the USB driver. Click "Next".

(2) Read through and understand the End User License Agreement and click "I accept...", and then click "Next".

(3) If the following Security Warning message appears, click "Install".

* If the following Security Warning message appears, click on the "Install this driver anyway". It is no problem to continue installing because operation has already been verified.

(4) Click "Finish" when an "Installation complete" window appears.

(5) Click "Yes" to install the USB driver. The "Found New Hardware Wizard" appears. Click "No, not this time." and then "Next".

(6) On the following window, select "Install the software automatically. (Recommended)" and click "Next".

(7) If the following Warning message appears, click "Continue Anyway". (It is no problem to continue installing because operation has already been verified.)

(8) When the installation completes, the Completing the Found New Hardware Wizard screen appears. Click "Finish".

To restart the interrupted USB driver installation process, right click on the CD drive and click "Open". Click and start "kewusb101_setup.exe" in the "DRIVER" folder.

4. Starting "KEW Windows for KEW6315"

Click the "KEW WindowsV2" icon on your desktop, or click "Start" > "Program" > “KEW” > "KEW WindowsV2". Ensure that KEW6315 gets started before connecting KEW6315 to your PC. Then start "KEW WindowsV2".

The main window for "KEW WindowsV2" appears. Select "KEW6315", and click "Start" or double click on the "K6315" to get the KEW6315 started. Click "Close" or close button (x) on the right-top to end the program.

For further instructions, please read the instruction manual. Click (Double click) the desktop shortcut to "KEW Windows for KEW6315 MANUAL".
