The following instructions should be followed before installing this application:

1. Preparation of the system:
   - Ensure that your system meets the following requirements:
     - Operating System: Windows 7 / Vista / XP
     - .NET Framework 3.5 or more
     - Hard Disk Space: 500MB or more
     - Display Size: 1024 x 768 dots, 65536 colors or more
2. Inserting the CD-ROM:
   - Insert the CD-ROM into your PC's CD-ROM Drive.
3. Installing KEW Windows for KEW6315:
   - Click "Run KEWSetupLauncher2.exe" when the "AutoPlay" message appears on Windows Vista or Windows 7.
   - If the installer does not run automatically, double-click "KEWSetupLauncher2.exe" in the CD icon, if the User Account Control dialog box appears, click "Yes".
4. Read through and understand the License Agreement and click "I accept...", and then click "Next".
5. If a message requiring restarting your computer is displayed, click "Yes" and restart your computer.
6. Restarting your computer is essential to install the application properly.
7. Click "Yes" when the "InstallShield Wizard Complete" dialog box appears.
8. Repeat above step (3) through (6) and completes the installation.
9. If the following Security Warning message appears, click "Yes".
10. If the following Security Warning message appears, click on the "Install this driver anyway". (It is no problem to continue installing because operation has already been verified.)
11. When the installation wizard completes, subsequent installation initiates automatically.

*How to un-install the PC Software:
   - Access to the "Control Panel" and double-click on the "Add/Remove Programs" to remove the "KEW WindowsV2" and "KEW Windows for KEW6315".

To restart the interrupted USB driver installation process, right click on the CD drive and click "Open", click and start "kewusb101_setup.exe" in the "DRIVER" folder.
How to install the USB driver (for Windows XP)

1. When KEW Windows for KEW6315 has been successfully installed in your computer, the following dialog box appears to start installing the USB driver. Click "Next".

2. Read through and understand the End User License Agreement and click "I accept...", and then click "Next".

3. If the following Warning message appears, click "Continue Anyway". (It is no problem to continue installing because operation has already been verified.)

4. Click "Finish" when an "Installation complete" window appears.

5. The USB driver has been successfully installed. Power on KEW6315 first, and then connect to your PC. The "Found New Hardware Wizard" appears. Click "No, not this time." and then "Next".

6. On the following window, select "Install the software automatically. (Recommended)" and click "Next".

7. If the following Warning message appears, click "Continue Anyway". (It is no problem to continue installing because operation has already been verified.)

8. When the installation completes, the Completing the Found New Hardware Wizard screen appears. Click "Finish".

To restart the interrupted USB driver installation process, right click on the CD drive and click "Open". Click and start "kewusb101_setup.exe" in the "DRIVER" folder.

For further instructions, please read the instruction manual. Click (Double click) the desktop shortcut to "KEW Windows for KEW6315 MANUAL".
